# MEGA-ROCK AT WEMBLEY

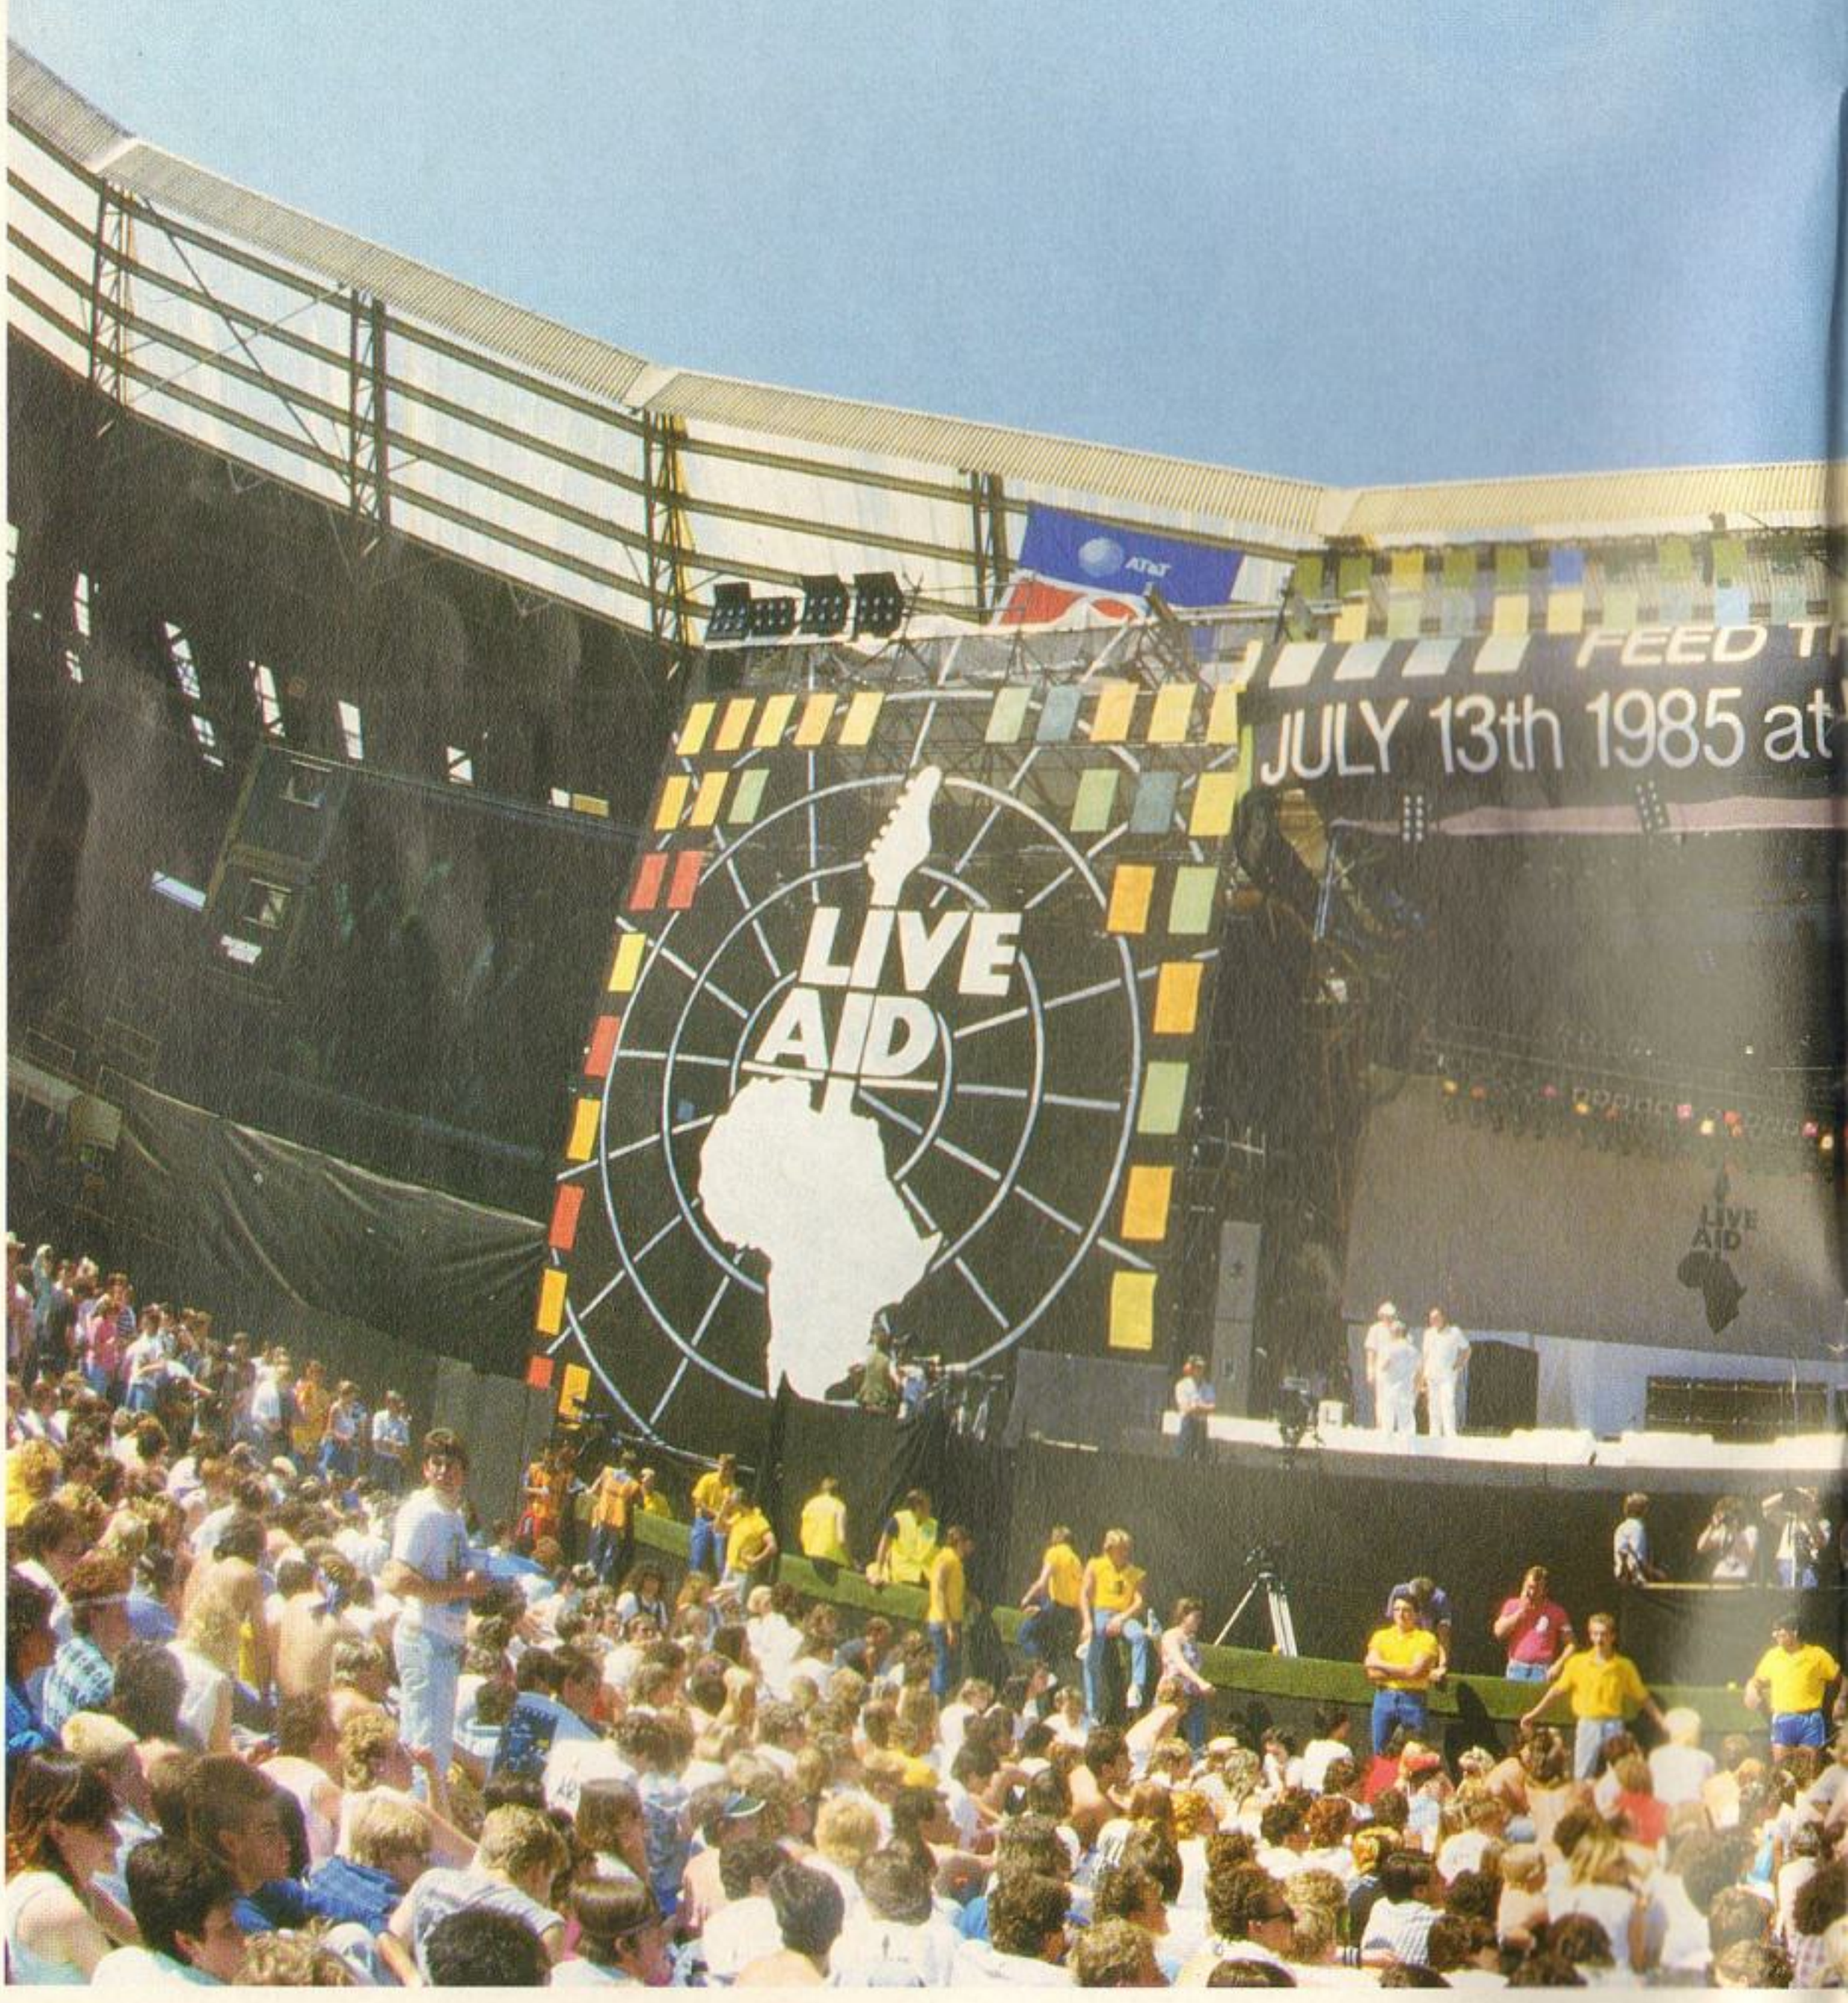
July 13 1985

On July 13 1985, twenty five of the biggest names in British Rock gathered at Wembley Stadium, London, in front of an 84,000 strong live audience, to play free for the Live Aid Appeal. At the last count the event had raised in excess of £50million.

This publication, with it's incredible pictures, is a record of that historic occasion.



**The photographs in this publication are exclusively those of Duncan Raban/All Action Photographic who, along with the publishers, are donating all the picture publishing fees to the Live Aid Appeal**
